

City To Set New Lower Residential Electrical Rates On May 1st Billing

Light Plant Cost
Cit \$100,000 Yearly
Consumers of electric power from the Grayling Municipal Light plant for the month of April will be surprised to find that their May 1st bill will be lower than their April bill. This is due to the fact that the city has secured a new contract with the power company for a lower rate of electricity.

Kiwanis Club Notes

"Miracle on Skis" was the title of the movie which was shown at the Kiwanis Club of Grayling. Dr. B. E. Henig was in charge of the program. The movie depicted a reunion following the war in the Austrian Alps of two former ski competitioners. One has lost a leg and the other both legs in war service. They are gradually breaking the news to each other that they had learned to ski all over again.

Grayling Boy Scouts Sponsor Booth

At last week's Trade Show the Grayling Boy Scouts had a booth planned and run by the boys themselves. Troop No. 77 now has three Star Scouts: Dennis Hayes, Raymond Halstead and William Weaver. They have all won the five required Merit Badges.

Bowler Myron Erickson, Racine, Wisconsin, rolled a perfect game to the minor events action at the American Bowling Congress tournament in Louisville. He hit the pocket with every ball but the 12th which crossed over for the strike. Commented Erickson: "What the heck... A guy's gotta have a little luck to a 300 game." Bill Serens, third baseman purchased by the Oakland Oaks from the Chicago White Sox, had his best year in 1952 when he averaged .274 for the Cubs. The 30-year-old native of Alameda, Cal., signed with the Detroit Tigers in 1947, was picked up by the Cat who traded him to the White Sox last winter. A University of California scientist who figures it mathematically, says the world record for the two-mile run is nine seconds too slow. Dr. Franklin M. Henry says his system "involves an equation between running speed and the body's ability to overcome its own inertia and to carry out certain energy-releasing, physiological-chemical reactions that take place in the muscles."

To Ask Profit-making Business To Again Foot State's Bills

Profit-making business again will be asked to pick up the check for state government. Just how much will be needed for 1955-56 is still in doubt and the qualified guesses range all the way from \$14 million to \$46 million a year.

We're going to ask business to help us find the new revenue," said Senator Carlton H. Morris (R-Kalamazoo).

Morris, chairman of the Senate Taxation Committee, named the first 41 of a possible 60 members of a new citizen group, heavily laden with business and industrial executives from Detroit.

In the wind is some tinkering with Michigan's \$30 million a year business tax, adopted two years ago in a flurry of political name-calling and confusion.

Co-authors of the tax were Alan L. Gornick, of the Ford Motor Co., and S. M. DuBrul, of General Motors Corp., who were members of the citizen group and now prominent figures on Morris' new advisory panel.

Senator George N. Higgins (R-Ferndale) is also listed. He was chairman of the tax committee before Morris and is considered the legislative father of the business activities tax.

Democrats still are insisting, though not so vehemently, on Gov. Williams' \$101 million corporations profits tax, a goal for the last seven years.

Another possibility is the revival of the "Princeton Plan" of two years ago, a luxury tax which proposed such things as increased taxes on beer, pop and several other "luxury" items.

Over in the House, Rep. Rollo G. Conlin (R-Tipton), is thinking along the same line as chairman

BRIDAL SHOWER

On Thursday evening, April 8th, Miss Pat Thompson was hostess for a bridal shower honoring Miss Phyllis Goss. Miss Florence Jensen was co-hostess.

This is GULF'S PLEDGE to the motoring public

• We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.

• It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.

• This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Refining Company.

NEW 1955 GULF NO-NOX

Always remember: Octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you. New NO-NOX is super-refined to burn clean for lasting power. Fill up and feel the difference in:

• More complete protection than with so-called "miracle-additive" gasolines.

• Extra gas mileage in short-trip, stop-and-go driving motorists do most.

• Stall-proof smoothness... instant

Grayling's Trade Show . . .

Last Friday and Saturday, the Grayling Woman's club sponsored the Second Annual Grayling Trade Show. Like the first one last year, this was a real success.

Without question, the new gymnasium added to the town that it provided more space and, of course, a better setting. The merchants of Grayling contributed one hundred percent and the resulting display made for an outstanding event.

We think the fair sex's organization deserves a great deal of credit for this fine idea and show. A great deal of distinction must go to Mrs. Lester O. Welch and Mr. Walter F. Truettner who have co-chaired the event for two straight years.

Not to be ignored is the fact that the show has taken the undivided attention of just about every member of the Woman's Club who have not failed in their duty.

This event, if it keeps pace with the large increase in attendance and displays over the next few years that it has in the first two, will be one of the big shows of each succeeding year in north central Michigan.

Our whole community may take pride in the accomplishment for all of us that the work, foresight and optimism of this group of ladies has wrought. R. W. S.

The Life Of A Pig . . .

A pig originally rustled for his food and shelter in the woods. Then he was seduced with "free" meals to fatten him, and his life and freedom were forfeited for food and room. The wild pig had a future, but only one and it was a sad one.

Man has a brain to choose freedom, but history is a sad record of results under socialism to which he has often succumbed. This course has led to servitude and subjugation. Man found lost freedom the price of false security.

There is no shortcut to a fruitful life. Man can dele-

gate a few duties to government, but to maintain his liberty he must not submit to government for subsistence.

We Are Decadent - But! . . .

According to an AP dispatch, Pravda, the newspaper which speaks for the Kremlin, recently gave the Soviet machine building industry a sharp scolding "and said it could learn a lot from Detroit, and Pittsburgh." A short time before that Party Secretary Khrushchev told Soviet farmers that they could learn much about corn and hog culture from Iowa.

It is official Communist doctrine that capitalist America is a decadent nation in which farmers and workers are ruthlessly exploited. But, when it comes to actual problems, it seems that the communists have to look to us decadent capitalists for solutions.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVANCECHE OF 23 YEARS AGO

April 21, 1932

The Board of Supervisors in session this week made some drastic proposals in salary cuts for county officers. And the office of Register of Deeds will be combined with that of county clerk if their plans carry through. The present salary for county clerk is \$1,500 per year and that of register of deeds \$800 per year. The latter salary was cut in 1930 from \$800 to \$600. The salary under the proposed plan of consolidation is \$1,400 per year — a saving of \$700 annually. The treasurer's salary of \$1,500 is to be cut to \$1,100 and that of sheriff from \$1,100 to \$750. The school commissioner's salary will be cut from \$600 per year to \$350, the probate judge from \$600 to \$450 per year and the prosecuting attorney from \$1,100 to \$1,000. These salary schedules were offered only as proposals and cannot legally be acted upon before next October, when it is the plan of the supervisors, we understand, to put it into operation, to take effect January 1st when the new county officers take their offices. The school commissioner's office continues for three years longer and no change in salary can be enforced in the meantime without the consent of that official. A further plan of the board, it is reported, will be for the fees coming to those offices to be turned into the county fund instead of becoming a part of the remuneration of the official incumbent. And it is further proposed that there be a 10% reduction in salaries effective at once.

Baseball season was officially opened at the Beaver Creek township schools last Monday when the Hardwood Stand School

and Love's school played a double header on that day. In the first game the Lovells school outplayed their arch-enemies to the tune of 37-9, and the warm turned in the final game and Mrs. Smith's team came from behind to defeat the previous victors 22-21.

"Jazzie Z. Kynnot," supervisor of Lovells township, was unanimously elected chairman of the county board of supervisors at its first meeting beginning here last Monday. Tony Nelson, supervisor of Grayling township, was elected vice-chairman. This makes the 20th consecutive year that Mr. Kellogg has served his township as supervisor. As the dean of the board his many years of experience gives him a knowledge of township and county affairs that makes his opinions valuable and of sound judgment.

Miss Effie Hunter, a Grayling High School graduate of the class of 1930, is being employed at the State Capitol during this special session on behalf of the state. Hunter won a scholarship in commercial work while a student in Grayling school and later pursued the same studies at Lansing Business University. She writes that she is very happy with her new work and acknowledges that had it not been for Rep. Wm. Green of our district, it would have been impossible for her to have secured her position as assistant secretary to the Journal-Record.

John Brunson was in Lansing Tuesday on business.

Carl Johnson is in Saginaw and Grand Rapids on business this week.

Mr. and Mrs. Edgar Murray of Detroit are spending a few days at their lodge on the AuSable.

Joseph Kessler left Tuesday for Midland where he expects to remain indefinitely. While there he will make his home with his uncle Will Cassidy and family.

The marriage of Mr. Clyde Smith of Maple Forest, son of Mr. and Mrs. James Smith, to Miss Sarah Vance, of Lovells, daughter of Mr. Joseph Vance, was solemnized at the M. E. parsonage by Rev. H. J. Salmon Wednesday evening, April 18th. The attendants were Charles Papenfuss and Miss Myrtle Vance, sister of the bride. Mrs. Smith is teacher at Beaver Creek school.

T. F. Peterson, Fred Welsh, Memo Corwin, and E. O. Mott were callers in Bay City Sunday.

Miss Margrethe and Ella Hanson returned Thursday from an extended visit in Detroit.

Mr. and Mrs. E. A. Cooley and grandson Sam Gust spent Sunday in Vanderbilt at the home of Mrs. Cooley's daughter, Mrs. D. E. Winer.

Misses Margrethe and Olga Nielsen spent the weekend in Saginaw visiting at the home of Mr. and Mrs. Axel Nelson and family. Miss Irene McKay accompanied them and remained for a few days there on business.

Wilhelm Rase and Lars Nelson returned home Tuesday from Texas where they spent several months. Mr. Rase has a farm in the Lone Star State near the city of Brownsville. Mr. Rase says he played golf nearly every day and both men are brown as berries.

Mr. and Mrs. Carl Parsons and family accompanied by the latter's mother, Mrs. Ernest Babbitt, motored to Rogers City Sunday.

Mr. and Mrs. Emil Kraus, daughters Margrethe and Olga, left for Saginaw Sunday.

The expression frequently heard is "brown as a berry." Just how that is figured out is hard to understand. Some berries are red; some are blue and some black; and blackberries are green when they are red, but we don't know of any brown berries. And that's that.

Judging from reports we have received there is hardly a weekly newspaper in Michigan that is making a profit. The income from subscriptions would pay the operating costs of putting out a newspaper just about seven weeks. And with advertising at a low

ebb, is it any wonder that newspapers are having hard sledding? To continue to publish a good newspaper and to keep the margin of losses as small as possible and hope for better times to come is just about all any editor can do these times.

Got an itch to switch the pitch?

Here's the New Hit in Hardtops — the 4-Door Riviera

Want to do what a pilot does when he clears for take-off?

Want to feel the pulse-quickenning thrill that comes of giving the gun to a high-powered automobile with the world's first airplane-inspired transmission?

Want to try Buick's Variable Pitch Dynaflo? — the spectacular new wonder drive that's the talk of car makers and car buyers alike — and the drive that's sending Buick sales soaring to new record-breaking highs?

Well, sir — be our test-pilot guest at the wheel of a '55 Buick and let today's Dynaflo do the honors.

When you press the pedal as you normally would, you move ahead in velvety smoothness, getting plenty of miles from each gallon of gas . . .

Because twenty propeller-like blades inside the Dynaflo unit, spinning in oil, have an angle of "pitch" for top economy — like the modern

plane's propellers when cruising in the air.

But comes the need for emergency acceleration, and — like a pilot does for quick take-off and climb — you switch the pitch of those Dynaflo propellers for action, just by pressing the pedal all the way down.

Instantly, you get full-power response for split-second getaway, or for a sudden safety-surge to get out of a tight spot on the highway.

It's a response thrilling beyond all previous experience — because there's never been anything like it before in any car.

And we'd like you to try it — along with the wallowing new V8 power, the cruiser-steady ride, the fine handling ease, and the true big-car roominess that are all part and parcel of every Buick.

Can you come in today — this week, for sure — and test pilot the hottest Buick yet built?

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

INTERNATIONAL HOSPITAL SERVICE

BLUE CROSS - BLUE SHIELD IDENTIFICATION CARD

You can't duplicate the "3 Plus" advantages of Blue Cross-Blue Shield!

- HOSPITAL SERVICES, NOT LIMITED CASH!** No other state-wide plan gives you basic services the way Blue Cross does, through its contract with the hospitals! Other plans give you fixed cash payments, which may pay only a small part of your hospital bill... the big part to be paid by you!
- DOCTOR SERVICES, NOT LIMITED CASH!** With a choice of a \$2,500 or \$5,000 family income ceding medical-sur- gical contract. You get service benefits if your family income meets the re- quirements of the contract you choose. The service benefits provision is offered only by your Blue Shield Plan.
- YOUR BLUE CROSS-BLUE SHIELD CARD CUTS RED TAPE!** Eliminates need for making a hospital deposit! No forms to fill out on admission to the hos- pital... no claims to file... no wait for payment. Blue Cross - Blue Shield Plans are the only plans that contract directly with your hospital and doctor.

Nothing can replace... or come close to replac- ing... the "3-PLUS" advantages of Blue Cross - Blue Shield protection against the cost of hospital and doctor care!

And—with hospital care something that 1 in 3 families need every year, think how important it is that your family be protected!

Chances are, your family is protected... and protected by Blue Cross - Blue Shield (nearly half the people in Michigan have it).

And granted, you may think Blue Cross - Blue Shield protection is good. But it's far more than "good." It's so good that millions of Michigan people have found they just can't afford to be without it. There is no substitute... and here's why—

HOSPITAL SERVICES... NOT CASH!

Unlike plans that provide you with fixed cash benefits to cover the cost of hospital services (and rarely do you get enough cash!), the Blue Cross Com- prehensive Contract gives you all the basic hospital services themselves... regardless of the cost.

This protection provides up to 120 days at a time... at almost any general hospital in Michigan, and at Blue Cross member hospitals all over the country! Every enrolled member of your family gets this very same protection, too.

DOCTOR SERVICES... NOT CASH!

Any time you need hospital care, you'll surely

need a doctor's care, too... and it's against the cost of in-hospital doctor care that Blue Shield protects you.

Just as it's possible to get hospital services through Blue Cross, it's possible to get doctor services through Blue Shield.

Blue Shield offers you a choice of a \$2,500 or \$5,000 family income medical-surgical contract. If your family income meets the requirements of the contract you choose, the cost of your participating doctor's in-hospital services will be covered by Blue Shield. This service benefit provision is made available to you only through Blue Shield. In any event, regard- less of your income, liberal amounts will be paid to the doctor of your choice.

NON-PROFIT ORGANIZATIONS

Blue Cross and Blue Shield are non-profit orga- nizations... sponsored by Michigan hospitals and doctors so that Michigan people can have the kind of protection they need, and at a cost they can afford. Together, these plans offer more protection for the money than you can get through any other organization.

Compare other plans with your Blue Cross - Blue Shield. Look for the "3-PLUS" advantages. You won't find them offered by any other state-wide pro- tection plan. That's why there is no substitute for Blue Cross - Blue Shield.

If you do not already have Blue Cross - Blue Shield, ask your employer or your union repre- sentative how you can get low-cost group coverage for you and your family. (A company with as few as five employees may qualify as a group.) Or, call or write the Blue Cross - Blue Shield office listed in your telephone book.

FACTS PROVE IT!

GET THE FACTS ON "ALL 3" LOW-PRICE CARS
AND YOU'LL HAVE PROOF PLYMOUTH IS FIRST:

FIRST IN SIZE—By actual measure-
ment, the 1955 Plymouth is the longest car
of the low-price 3. It's even bigger than
some medium-price cars. Plymouth is
truly a big car... 17 feet long!

FIRST IN ROOMINESS—Plymouth is
also the biggest car inside, with the great-
est hip room and leg room. More comfort
for you! And Plymouth's trunk, by far
the largest in its field, lets you pack
practically everything.

FIRST IN VISIBILITY—Comparison
proves that Plymouth's glamorous new
Full-View windshield—with cornerposts
swept back both top and bottom—gives
you the greatest "visibility of all 3."

FIRST IN BEAUTY—Compare styling
and see why Charm, a leading fashion
magazine, chose Plymouth "Beauty Buy of

the Year." Plymouth's long, sleek Forward
Look wins over the hand-me-down styl-
ing of the "other 2."

FIRST IN ECONOMY—Smoothest and
thriftest engine of all! That's Plymouth's
fast-stepping new 6-cylinder PowerFlow
177. Its Chrome-Sealed Action gives you
extra thousands of trouble-free miles.

FIRST IN COMFORT—Plymouth offers
you the most comfortable ride you ever
experienced in a low-price car. Only the
biggest car in the lowest-price field can
give you true big-car riding comfort.

FIRST IN EXTRA VALUE—Plymouth
gives you many extra-value features that
the "other 2" low-price cars don't have.
Come in today and let us show you why
Plymouth is first for value!

J. Wayne Green, eminent trichologist, demonstrates causes of baldness and how it can be prevented.

How To Have Hair For A Lifetime To Be Demonstrated Here By Famous Trichologist OFFERS WRITTEN GUARANTEE

An exclusive interview by Steven Bright

WICHTA SPECIAL — J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, explained the myth of baldness today in an exclusive interview.

"Baldness is unnecessary, costly, and a plague to mankind," says Green. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair and scalp treatment can prevent baldness — can turn colorless fuzz into healthy, growing hair — can make you look youthful again."

Demonstration To Be Held
In Grayling, Michigan.
This revolutionary method of hair treatment for the hair and scalp will be demonstrated at Grayling, Michigan, Saturday, April 20, at the Shoppington Hotel. Trichologist Robert McDaniel will conduct the private, individual interviews from 12 noon until 9:00 P. M. on Saturday ONLY. There is no cost or obligation, and you need no appointment.

Reason for Baldness
"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair. Men, and yes, women too, walk the streets today completely devoid of nature's greatest ornament — hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today."

Hereditarily Not Involved
Trichologist Green dodged no issues. He quickly took up the most widely spread theory of baldness — hereditarily "Mankind's

un-realistic belief that baldness is hereditary stems from a misinterpretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp. The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. A healthy scalp will grow hair if it is not already completely bald," assures Green.

Is There Hope For The Completely Bald?
In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop weak, thinning hair into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick, however, to tell a hopeless case that he cannot be helped.

"We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again — nature's way."

Offers a Guarantee
"Rogers, Inc., America's Foremost Hair and Scalp Specialists offer a guarantee to any client who enrolls for treatment. If he is not completely bald today, with results at the end of 30 days the money invested will be graciously refunded," pledged Green. "We must grow hair. After all, it is our best advertisement."

Is Your Hair Healthy?
If you are worried about your hair, call Trichologist Robert McDaniel at the Shoppington Hotel in Grayling, Michigan, Saturday ONLY from 12 noon to 9:00 P. M. The public is invited.
